

1/40 Scalby Street Doubleview WA

3 2 2

Light, bright & stunningly renovated, this beautifully renovated home is sure to impress right from the very start.

The stylish entrance leads you to an open plan spacious lounge/dining room that features an expansive bay window, that is finished nicely with white shutters.

The freshly renovated kitchen is modern, and features stainless steel appliances, such as a dishwasher, gas cook top, electric oven and overhead range hood. It is quite spacious as it features ample storage with both below bench and overhead cupboards, plus a large wrap around stone bench top, which is just perfect as a breakfast bar

The master bedroom features its very own fully equipped ensuite, bay windows, which once again complete with white shutters, and a spacious 'His and Hers' built in robes.
