This property has a supersized back yard that is completed nicely with a bore plus two sheds for any additional storage. You can also open up the single garage roller door, along with the gates at the other end, and drive right through into the backyard.

The home itself has four bedrooms and one main bathroom along with a spacious, carpeted front lounge that includes a reading nook and a separate dining room with direct access to the carport and large undercover entertaining area, a well appointed kitchen that offers plenty of cupboard storage space that flows straight into the tiled
